STORIES

# Fostering growth through partnership

with Divine Automation Solutions

CONNECT WITH US

APRIL 2025

**At Harmony, we are deeply committed to empowering local businesses and fostering community development through strategic partnerships.**

One such partnership is with Divine Automation Solutions, a company based in Gauteng, which has been a key supplier to Harmony for more than five years. "Our partnership with Harmony has been a tremendous journey."

The company, co-founded by Romano Geraud, specialises in both electrical and mechanical engineering services. They provide Harmony with essential flow control instruments, including pumps, valves, actuators, flow meters, and UPS systems. Over the years, our collaboration has played a significant role in sustaining and growing Divine Automation Solutions. Through the opportunities we've provided, they have not only doubled their workforce but also significantly increased their turnover, making a tangible impact on the local community.

**"Our partnership with Harmony has been instrumental in our growth," says Romano Geraud, Sales Director and Co-Founder of Divine Automation Solutions. "The support we've received has allowed us to expand our team and give back to our community in meaningful ways."**

## Divine Automation Solutions highlights;

**Divine Automation Solutions specialises in both electrical and mechanical engineering service**

**They provide Harmony with pumps, valves, actuators, flow meters, and UPS systems**

**Divine Automation Solutions provides Harmony with essential flow control instruments**

**Divine Automation Solutions makes a tangible impact on the local community**

Their commitment to community is evident. Romano and his team are dedicated to creating jobs for young people in the area, providing them with the skills and training needed to succeed in the workforce. Beyond employment, they actively contribute to the education of future engineers by donating demo instruments to a local Technicon, enhancing the practical learning experiences of students.

Additionally, they offer firefighting and first aid courses to community members, equipping them with valuable skills

that bolster their CVs and open up new opportunities for employment. Romano's vision for Divine Automation Solutions is to continue growing as a manufacturer and to expand their services within the mining industry.

**"We are grateful to Harmony for believing in us and giving a small business the chance to thrive. Their support has been crucial to our success and our ability to make a difference in the community," says Romano.**
