Building a stronger future together: Harmony and Barolong Enterprise

FEBRUARY 2025

At Harmony, we recognise the power of partnerships in driving community development and economic growth. One of our most valued collaborations is with Barolong Enterprise, a company based in Gauteng that has been a trusted partner for the past five years.

Founded in 2014 and led by Director and CEO Vuyani Gaya, Barolong Enterprise is a dynamic company specialising in construction and manufacturing. Over the years, they have provided Harmony with essential maintenance services, focusing on civil and building work. As they continue to grow, the company aspires to expand its offerings to include engineering and underground construction services, further solidifying their partnership with us.

"Our work with Harmony has been pivotal in our journey," says Vuyani. "Their support has allowed us to not only sustain our business but also to make a meaningful impact on our local community."

Barolong Enterprises specialises in the following;

Barolong Enterprises specialises in construction and manufacturing

Over the years, they have provided Harmony with essential maintenance services, focusing on civil and building work.

Barolong Enterprise is deeply committed to community empowerment, regularly hiring between 15 to 30 skilled and unskilled workers from the local area, depending on project needs. The company also prioritises skills transfer, offering training programmes to enhance the capabilities of their workforce. This focus on skills development is achieved through collaboration with various stakeholders, ensuring that workers gain valuable expertise that benefits both them and the broader community.

The company also prioritises skills transfer, offering training programmes to enhance the capabilities of their workforce.

They aspire to expand their offerings to include engineering and underground construction services

Looking ahead, Barolong Enterprise has ambitious goals. Vuyani hopes to see the company listed on the JSE one day, expanding its reach and creating even more employment opportunities. "We are grateful to Harmony for believing in us and giving us the chance to grow," Vuyani adds. "We look forward to continuing our partnership and exploring new opportunities together."

With a minimum of 75% of our services budget going towards South Africa-based companies at least level 4 BEE compliant, we're building more than just infrastructure with Barolong Enterprises, we are driving economic empowerment in beyond mining.
